CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

D. L. Hooks Grocery Gets Overhaul Job

Hooks Grocery in Canal Point during the past few weeks has undergone a complete overhaul job and today presents a big-city appearance to the many folks who trade at the popular food emporium. Mr. and Mrs. D. L. Hooks, proprietors of the store, have been on the job and assisted in making the many repairs that modernized the store to the Nth degree.

New food bins have been arranged in a manner to make shopping and self service easy. All rearrangement has been made with an eye to making it easy for the shopper to find the hundreds of items on the shelves. A new check-out counter has been built and it decreases the many steps necessary for the clerks to efficiently wait on the customers.

On top of all the many fine innovations in the store a new cash register—that does everything but talk—has been purchased to simplify sales and bookkeeping. It is one of the latest types from the National Cash Register Company at Dayton, Ohio and Mr. Hooks had to ring up a paid-out on it to the tune of \$1805 when it was installed.

Ferris Kincaid Easy Talent Winner

Ferris Kincaid, singing "River Of No Return" was swept into first place with a torrent of applause at the Prince Theatre, Tuesday night, on Malcolm Millar's Talent Scout Night show. Encoring with "Sugar Lump" he practically stopped the show.

With a little more training Kincaid will come out with that "know how" that develops style and showmanship the stars of the entertainment world climb to the top on.

Second place was awarded to Tina Handley. Tina tapped herself into second money with perfect assurance and childish freshness that brought her unreserved applause from the large crowd.

Edwina Humphrey's presented "My Friend," garnered a fine, healthy hand and came out with "I Believe." She was close contender with Miss Handley for second place.

Thelma Holmes offered two song numbers. Her first was a little on the weak side but her "Loveliest Night Of The Year," offered as an encore, brought her appreciative applause and displayed a sweet voice and nice personality.

Sharon Blair, a dainty little miss, was presented as the guest star for the evening. This little lady will bear watching. Her "My Heart Cries For You," and "Secret Love" brought her the resounding applause she deserved for her charm, ability and showmanship.

Boe's sponsored the show which moved along without a hitch.

CIRCLES MEET

Mrs. Nola B. Smith will be hostess to members of the Margery Lair and Mabel Simonson circles in a joint meeting at her home Monday at 8:30 p. m. The Mabel Simonson circle will present the program.

C. Pt. Post Office Receipts Growing

Osceola Uptegrove, postmaster at the Canal Point postoffice, reports an increase of over a thousand dollars in postal receipts for the first six months in 1954 over the same period in 1953. The total for the first six months in 1954 is \$4,416.35 which averages around a 30 percent increase.

Money order receipts also show a gain with a total of \$74,004.17 for the first six months in 1954 against a total of \$72,677.76 in 1953.

New Hospital Head Arrives Pahokee

Jesse M. Reel, newly appointed administrator for the Everglades Memorial Hospital, arrived in Pahokee Thursday preparatory to assuming his duties at the hospital.

Harry M. Weir, who has served in that capacity for the past year, will familiarize Reel with the local hospital work, before he leaves on August 1st for Sanford.

Reel of Franklin, Va., received his B.S. Degree in business administration from the University of Richmond, Va., and his Master's degree in Hospital Administration at the Medical College of Virginia. He served as administrator of Ralston Memorial Hospital in Franklin prior to coming here.

Reel a native of South Norfolk, Va., is married and has a son age 12. He and his family will make their home at the hospital administrator's home on E. Main St.

Cardiac Clinic For Palm Beach County

Something new in county health benefits will be ready for county residents the first week in October through the cooperation of the county commission and the County Medical Association.

Given approval Monday by Dr. O. L. Kelly, heart specialist, outlined a plan for a free cardiac clinic, was a request for an electro cardiograph.

The machine and other minor pieces of equipment would be purchased by the county commission and used by the county health department as well as the free heart clinic. Dr. Kelly said the cardiograph machine would be helpful in examining indigent patients, county employees and prospective employees.

He estimated that \$1,000—the commission's contribution to the joint project—would cover the equipment needed under the county Medical Association plan. Personnel to staff the clinic will be volunteers or workers furnished by the County Heart Association. Physicians will also contribute their services.

After being assured that county patients would be given benefit of the new machine, Commissioner Paul Rardin of Canal Point made the motion to make the purchase. The vote was unanimous.

Kelly said county health officials studying the problem had noted the large number of patients with complications of heart disease. This last led to the plan for the free clinic being boosted by the medical men.

Heavy Rains Find SR 80 Weak Spots

Recent deluges of rain have posed a new problem for a reconstructed stretch of State Road 80 on each side of Loxahatchee. County Commissioner Paul Rardin noted Monday that excessive rains have washed off shoulder fill on to the road and caused washouts in other spots.

Rardin asked that State Road Department officials be informed of the possibility of damage to the new roadway and suggested that small culverts be installed to take off the excess water. A 12 mile strip of SR 80 was widened and redone a few months ago from West Palm Beach to a point just beyond Loxahatchee.

Commissioners meeting Monday also considered another road link in the Glades area. A single bid was opened and tabulated for the extension of Okeelanta Road, some four miles east from State Road 27. Glades Construction Company submitted a bid of \$16,000 for the work which is a joint project of Glades farmers, growers, the Central & South Florida Flood Control District and the county commission.

A request by the County Health Department for a special employee who would work on a county wide basis investigating finances, facilities and other items was tentatively approved by the board. It stipulated that full details of the position should be given the commission however before hiring.

In other actions the board: Approved payment of \$600 for right of way for a mile strip of road shoulders for the Larrimore Road, Pahokee.

Okayed the attendance of Commissioner Paul Rardin at the meeting of the State Assn. of County Commissioners board at Orlando, July 19.

Authorized advertising for bills for insurance on county buildings.

Funeral Services For Car Wreck Victim

Funeral services were conducted for Mrs. Esther Padgett Tubbs, 21, at the Canal Point Baptist Church Monday morning with the Rev. Joe G. Clements, pastor, officiating.

Mrs. Tubbs and her husband Lawrence Newton Tubbs, 23, were killed in an automobile accident at Boynton Beach Friday evening.

Mrs. Tubbs, formerly of Canal Point, is survived by her parents, Mr. and Mrs. H. R. Padgett, Canal Point; a daughter, Deborah Marie, age 1 year; two sisters, Florence and Jackie Canal Point; 2 brothers, Ronnie Canal Point and J. T. Padgett with U. S. Marines at Parris Island.

Funeral for Mr. Tubbs was conducted at Boynton Beach Tuesday and he and his wife were buried in a cemetery there.

Church Of God Of Prophecy Revival

The Church of God of Prophecy, on the Pahokee Canal Point Road, will hold an extended revival beginning Sunday, July 18. The Evangelist in charge of the services will be Rev. J. H. Hires from Fort Myers, Fla.

Oldest House On East Beach Razed

The oldest house on East Beach was torn down this week and in it was found some of the finest cypress lumber in the Everglades. It was an old two-story house across the street from D. L. Hooks home and store and belonged to the Crews family of Pahokee. Oldtimers in Canal Point say that the house was built in the early 'teens or before World War I and was the first formal fish camp on East Beach.

Stapler Injured In Auto Accident

J. C. Stapler, of Pahokee, was seriously injured Wednesday when Hunt Brothers truck of Okeechobee, driven by a Negro John L. Walker, collided with Stapler's car as he attempted to turn into the driveway at his home on E. Main Street.

Stapler and Walker were both driving toward Pahokee and when Stapler pulled off the road to turn in at his home, the truck struck his car and he ran into a big cypress tree in his own front yard.

Stapler was rushed to Everglades Memorial Hospital for treatment. He suffers lacerations on the face and a fractured right knee cap. He was transferred from the local hospital to a hospital in West Palm Beach.

Chief of Police Leon Guthrie, who investigated the accident, arrested Walker and charged him with failing to have his vehicle under control and causing an accident.

Air Conditioning For Bob & Jenny's Store

Bob and Jenny's Sundry Store in Pahokee is another delightful place to loaf on these warm days. They recently installed a five-ton air conditioning unit making the place a wonderful spot for spending a few refreshing moments. Bob and Jenny extend a cordial invitation to their friends to drop in and see them during these warm summer afternoons.

Bolton's Drug Store in Pahokee was the first of the drug or sundry stores in the Pahokee-Canal Point area to put in air conditioning. Last summer the Canal Point Pharmacy, operated by Arnold Barad, installed a six ton unit that really gives you a "cool welcome" when you visit the ever-popular drug store.

Summer Camp For Scouts Is Planned

At a meeting of the Canal Point Boy Scout Troop Friday evening plans were made for summer camp which will include a tour of the state. To raise funds for camp activities the troop voted to sponsor the Uptegrove Quartet in a benefit performance at Community Hall in Canal Point July 23. The camping trip is set for the second week in August. P. A. Slonaker, scoutmaster, presided.

C. P. Lions Plan For Ladies Night July 19

Canal Point Lions Club completed plans for annual ladies' night at its dinner meeting at Community Hall. Stuart Receives \$9,481.11 From FPL

STUART, July 15 — A check for \$9,481.11 was presented to the city of Stuart by Florida Power and Light Co. for 1953-54 payment under terms of a 30-year franchise granted to the company in 1951.

The franchise agreement states that the company will pay the city six per cent of its residential and commercial gross receipts annually, minus municipal taxes assessed to the company.

Total collection since the franchise became effective is \$24,960.74. First year's payment was \$7,204 and last year's was \$8,275.63.

The City of Pahokee turned down a like offer of the Power Company in an election several months ago.

Uptegrove Quartet On 3-State Tour

The Uptegrove Quartet composed of Osceola and Elmer Uptegrove, Billy Mathis and Barney Creech will leave August 8 for a concert tour of Florida, Georgia and Alabama. M. M. Martin, Jr., is pianist. The quartet features gospel singing.

REPORTS ARE HEARD

Cinematic Chatter

By Malcolm Miller

Hello everybody! Which of the screen's hardest punching heroes, seldom losers in their well-rehearsed movie fights, would do best if actually called upon to make their living with their fists? And How would they fare in the fight world? Johnny Indrisano, former welter-weight and middle-weight contender who now divides his time between refereeing and coaching Hollywood's fighters, comes up with a ten-best list. As the screen's ten best actor-boxers, he names: Robert Taylor, Clark Gable, Stewart Granger, Dewey Martin, Ricardo Montalban, Robert Ryan, Alan Ladd, Fred MacMurray, Kirk Douglas and (believe it or not!) Ingrid Bergman. It was Robert Taylor who brought about Indrisano's introduction to Hollywood in 1938, when he was hired by M-G-M to train the stars for a fight picture titled "The Crowd Roars." "Imag-

ine a scrap between Taylor and Gable," he says, "I'd be like those Tunney-Dempsey fights." Stewart Granger used to box in England, and Indrisano claims he could hold his own against any of the Hollywood tough-guys. As the most likely up-and-coming fighter, he names Dewey Martin as one of the best. And what about the lady in the list? Indrisano was called on to coach Ingrid Bergman for a scene in "The Bells of St. Mary's" in which, as a nun, she dooned boxing gloves and proved that she knew how to use them. "She developed a terrific wallop," states the coach. See you at the movies—Mal.

Births announced at the Everglades Memorial Hospital in Pahokee this week are:

Mr. and Mrs. F. B. Archer of Clewiston, a son, born, July 13.
Mr. and Mrs. Frank Handley, a son, born July 13.

Mr. and Mrs. Julian Schrock, a son, Kevin Phillip, July 11.
M-Sgt., and Mrs. Arnold Heldt, Canal Point, a daughter, Ellen Sue, July 10.

T-Sgt. and Mrs. Ernest James Barnes announce the birth of a son, Ernest James, Jr., July 5 at the Airforce Base Hospital at McDill Field near Tampa. Mr. and Mrs. Robert Henderson of Pahokee are the maternal grandparents, and Mr. and Mrs. Homer Barnes, also of Pahokee, the paternal grandparents.

Mr. and Mrs. Audie Hooks of Clewiston announce the arrival of a daughter at the Clewiston hospital. Mrs. Hooks is the former Miss Nellie Latham.

New Move Against "Red Tide" Is Made

MIAMI—The Marine Laboratory of the University of Miami inaugurated a new move in the fight against the "red tide" last week. Two thousand cards of postal size have been set adrift on West Coast areas to check on ocean currents that carry the destructive organisms that have been killing fish by the thousands.

The cards, each encased in a plastic envelop, are being dropped

by boatmen in an area from Ft. Myers to Sarasota at designated points. Each card will be numbered and a record kept of the latitude and longitude where they are set adrift.

They will be retrieved several days later and notation of where found will be made by the boatmen finding them. Bathing and folks along the beaches are asked to be on the lookout for these cards, and when found should be marked with location and mailed to the Marine Laboratory, University of Miami. It is hoped that this survey will

give the laboratory definite information as to tidal movements and currents which have a direct bearing on the movement of the "red tide."

The annual convention of the Florida Fruit & Vegetable Association will be held at the Sans Souci Hotel, Miami Beach, Sept. 28, 29, 30, 1954.

Richard Hatton is spending several weeks as the guest of his cousins, Mr. and Mrs. Jerry Mitchell in Riviera Beach.

WHICH ONE DO YOU WANT?

you can have your dream house—this easy way!

A dream? Not at all. Thousands of people with modest incomes have been able to save the down payment, or the whole price, of the home of their dreams—because they invested in U. S. Savings Bonds on the Payroll Savings Plan. Look at the chart on this page. See how you can accumulate enough money for the down payment on a home. Or enough for your children's college education or a retirement income. And by saving only a few dollars a week, too.

The answer is that you save systematically on the Payroll Savings Plan. All you have to do is tell your pay office how much you've decided to save each payday (it can be as little as a couple of dollars). After that your money is saved for you, before you get your salary. Then each time enough has accumulated, it is invested in a Bond, and the Bond turned over to you.

And remember—your U. S. Savings Bonds now will bring you an average of 3% interest, compounded semiannually, for 19 years and 8 months. That's why the money you put into Bonds now grows to such a surprisingly big sum.

Why don't you start—today? Sign, where you work, for the Payroll Savings Plan. Or, if you're self-employed, have your banker enroll you in the Bond-A-Month Plan. It's as easy as the Payroll Savings Plan:

How you can reach your savings goal on the systematic Payroll Savings Plan

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save...	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save...	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. You can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Plan today!

New, Handsome, Modern Home For Burdine's In West Palm Beach

It would take 600 tons of ice per day to cool Burdine's newly completed store in downtown West Palm Beach, engineers point out. Luckily, the handsome three-story building, with penthouse for auxiliary equipment, doesn't have to depend on ice. The air-conditioning system is the largest in the city and one of the most modern in the U. S.

Cool air is circulated about the store at the rate of 175,000 cubic feet per minute. This immense amount of cool air originates from

sixteen units located at carefully selected points throughout the store. Each unit has the responsibility of cooling a specific area or areas. Air ducts from the units disperse the cool air through grills in store walls and ceilings.

Each area is given "Zone Treatment" meaning that it receives cool air in proportion to its needs. No area will become warm and none will become chilled. For example, in the case of the Beauty Salon where dryers and other appliances may tend to raise the tem-

perature, the air conditioning unit serving this area will supply an extra amount of cool air to offset the temperature rise.

Were it not for this advanced engineering of Burdine's air conditioning system, some store areas might be uncomfortably cool in order for other areas to be normal. The new Carrier system designed for Burdine's assures that it will be comfortably air-conditioned throughout for year-round shopping comfort.

What's New with Cows?

Catching up on my reading, I noticed three news items you might like to know about.

First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by number. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dumb" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans... especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

Christian Science Group Of Canal Point

That strength, joy and healing result from a spiritual understanding of God as infinite Life will be brought forth at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Life" is the Golden Text from Romans (6:23): "The gift of God is eternal life through Jesus Christ our Lord."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (487:27): "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality."

The following passage will be among those read from the Bible (Psalms 118:14,17): "The Lord is my strength and song, and is become my salvation. . . I shall not die, but live, and declare the works of the Lord."

Al Garcia, Jr., and children, Elaine and Frankie of Tampa are the guests of his father-in-law and mother-in-law, Mr. and Mrs. Duncan Padgett this week.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

A "pay-as-you-go" improvement program for county facilities has upped the county's annual tax levy for the coming year by one mill.

Tentative approval was given Monday by the county commission to the county's 1954-55 budget, totaling \$5,769,030. Final approval will come July 26.

The additional millage—a total of 12.63 compared to last year's 11.63—is reflected in capital outlay. Board Chairman Lake Lital attributed the increase to plans for expanding the facilities of public officials, primarily remodeling the court house and completing the unfinished wing of the county jail.

"In just about three years with this program," said Lital, "we will have all the improvements we want without any bond issue, but on the pay-as-you-go basis the board has previously used."

Biggest chunk of the capital outlay funds will go to the court house and jail construction work, but plans also include some \$50,000 for two health centers in the Glades, one to be built at an expected \$30,000 in Belle Glade and one for \$20,000 at Pahokee. A welcome station in the northern part of the county which will supply information to tourists as they enter the county was planned for by a \$10,000 item in the budget. An additional \$6,000 was anticipated to cover purchase of land for expansion of the County Home site.

A comparison of last year's and the coming year's figures show the budget increased by more than \$1,200,000. The 1953-54 estimate of expenditures was \$4,597,815.

A large increase in the Palm Beach Bridge District and the Ocean Boulevard fund—neither of which will be raised from taxes—will take care of the county's obligation in case it enters into reconstruction.

Power Company Head Is EAL Director

McGregor Smith, long a leader in the field of public service utilities and chairman of the Florida Power and Light Company, has been elected to the board of directors of Eastern Air Lines, Capt. Eddie Rickenbacker, Chairman, announced today.

A native of Tennessee, Smith served on that state's railroad and public utilities commission and has been prominently identified in the public service field for more than 33 years.

He was president of Louisiana Power and Light Company prior to joining the Florida Power and Light Company as vice president and general manager in 1939. He served as president until May of this year when he was elected to the post of chairman.

Credited with a leading part in the new industrialization program of the deep South, which is closely allied to the expansion of air transportation facilities in that area, Mr. Smith is a member of various state and civic enterprises throughout Florida, is a trustee of the University of Miami and the Heritage Foundation, and is a director of the Federal Reserve Bank of Atlanta, Jacksonville branch.

One of the seven Eastern Air Lines directors representing important areas served by the airline, Smith lives in Coral Gables, is married and has two sons.

He served as an infantry officer in World War I, and is a Scottish Rite Mason (32nd degree), a member of the Elks and the American Legion.

Mr. and Mrs. Paul Watson and son Karl, who spent two weeks visiting her parents, Mr. and Mrs. C. W. Anderson in Statesboro, Ga., and his mother, Mrs. K. E. Watson in Register, Ga., have returned to their home here. They were joined in Statesboro, by their daughter, Miss Shirley Watson, who is a student at Southern Baptist Hospital School of Nursing in New Orleans, La. who is there guest in Pahokee.

struction of the Royal Park Bridge and if the county goes ahead with an agreement with the Town of Palm Beach to build a pumping station at the inlet.

The pumping station will be paid for by bonds but \$200,000 has to be budgeted. Financing of the bridge will come from self liquidating bond issues.

A record tax assessment of \$256,511,676 this year will be the basis for the budget. County Tax Assessor James M. Owens, Jr., estimated that the valuations for the year are up close to \$20,000,000.

Watson - Shirley

Mr. and Mrs. Paul Watson, 392 Bacon Point road, announce the engagement of their daughter, Miss Shirley Ann Watson to Lt. Claude L. Shirley, Jr., son of Mr. and Mrs. Claude L. Shirley, Sr., 319 Banyan Ave.

Miss Watson is a graduate of Pahokee High School and is now a student at Southern Baptist Hospital School of Nursing in New Orleans, La., where she will complete her nursing course in September.

Lt. Shirley, also a graduate of the local high school, received his B. S. Degree in business Administration at the University of Florida, where he was president of the Lambda Chi Alpha fraternity. He is now stationed at Vance Air Base, Enid, Okla.

Wedding plans will be announced later.

FP&L Co's McDonald Named Vice-Pres.

Malcolm B. McDonald, secretary and director of advertising and publicity of the Florida Power &

Light Co., has been elected vice-president of the utility.

The 52-year old executive will continue his advertising and publicity duties, while W. F. Blaylock, former assistant to the president, takes over as secretary.

McDonald joined Florida Power & Light Co. in 1926 as a clerk in the sales department. He later served as secretary to the president, then assistant to the president and secretary of the company.

In addition to placing advertisements in publications throughout Florida and releasing news of the Company, McDonald is responsible for the editing of various employee publications. He originated the well-known slogan "Stay Through May," which is widely used in advertising to persuade winter tourists to prolong their Florida visit, and the "up-and-coming" slogan, "Courtesy Wins Friends for Florida... and You."

McDonald is a member of the Public Relations Society of America, the Florida Press Association, Florida Public Relations Association, and the Greater Miami Public Relations Association.

McDonald lives at 3940 Durango Street, Coral Gables, with his wife and two children.

46 In Tag Department Get Dismissal Notes

TALLAHASSEE — State Motor Vehicle Commissioner E. V. Fisher announced last week that notices of dismissal had been sent to forty-six employees of the department because there was not enough work at this time to justify keeping them on the payrolls. This is the slack time in the department and not as much help is needed as in the busy season, he explained.

This economy move, according to an administration spokesman, will result in a saving of \$120,000 a year. Further saving is anticipated through a plan to consolidate regional tag agencies.
